For the half year ended 31 December 2012

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

These general purpose financial statements for the interim half-year reporting period ended 31 December 2012 have been prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standards including AASB 134: interim financial reporting.

This interim report is intended to provide users with an update on the latest annual financial statements of Invictus Gold Limited and its controlled entities (the consolidated entity). As such, it does not contain information that represents relatively insignificant changes occurring during the half-year within the consolidated entity. It is therefore recommended that this financial report be read in conjunction with the annual financial statements of the consolidated entity for the year ended 30 June 2012, together with any public announcements made during the half-year.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements. The relevant amendments and their effects on the current period or prior periods are described below.

The accounting policies have been applied consistently throughout the consolidated entity for the purposes of preparation of these interim financial statements.

The Consolidated Entity has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to their operations and effective for the current half year.

New and revised Standards and amendments thereof and Interpretations effective for the current half-year that are relevant to the Consolidated Entity include:

Amendments to AASB 1, 5, 7, 101, 112, 120, 121, 132, 133 and 134 as a consequence of AASB 2011-9
 'Amendments to Australian Accounting Standards – Presentation of Items of Other Comprehensive Income'

The adoption of all the new and revised Standards and Interpretations has not resulted in any changes to the Consolidated Entity's accounting policies and has no effect on the amounts reported for the current or prior half-years. However, the application of AASB 2011-9 has resulted in changes to the Consolidated Entity's presentation of, or disclosure in, its half-year financial statements.

Under the amendments to AASB 101, the statement of comprehensive income is renamed as a statement of profit or loss and other comprehensive income. The amendments also require items of other comprehensive income to be grouped into two categories in the other comprehensive income section: (a) items that will not be reclassified subsequently to profit or loss and (b) items that may be reclassified subsequently to profit or loss when specific conditions are met. The amendments have been applied retrospectively and the application of the amendments to AASB 101 do not result in any impact on profit or loss, other comprehensive income and total comprehensive income.

The following material accounting policies have been adopted in the preparation and presentation of the half year financial report:

NOTE 2: SEGMENT REPORTING

Accordingly, we do not express an audit opinion.
